Dear Members,

On the 13th November 2011, the executive received an email from our President wishing to resign.

Dear Board Members of Deaf Football Australia.

It has to come to my decision to step down as President of Deaf Football Australia due to loss of interest and loss of motivation as President.

I hope the Board will accept my resignation and seek a new President who will have the heart to get involved with Deaf Football Australia, I know this will turn DFA upside down but I'm sure with great mind things can be worked out in searching for a new President.

Regards,

Daryl Jordan

I have since the 11th November 2011, been consulting senior players, board members, and long standing members within the organisation to find suitable candidates to fill the role as president.

This is a very difficult position to fill, as it requires a very good communicator.

However the current board has been looking at filling the role as an acting position until the next AGM. We approached 2 members and they declined due to their own workloads. Because there is only 4 months till the next AGM we have decided that the Executive will share the workload until a replacement can be found.

In the meantime it will be business as usual and as news comes to light members will be informed either by email or through the website announcements.

On behalf of the members I would like to thank Daryl for his contribution to Deaf Football Australia not only in the past three years as President but over the past 30 years as a member who wore many hats for the organisation. As most of you are aware Daryl received Life Membership early this year and one that was most deserving.

DFA would also like to thank Maria and family for supporting Daryl's involvement with the organisation.

Regards

Deaf Football Australia Executives
